

## **NORTH CHINA ELECTRIC POWER UNIVERSITY**

Founded in 1958, North China Electric Power University (NCEPU) is one of the key universities affiliated with the Ministry of Education of the People's Republic of China. It has campuses in Beijing and Baoding, Hebei province.

For more than forty years development, NCEPU has become a comprehensive university with a distinctive industrial feature, but having a wide variety of disciplines such as Engineering, Economics, Management, Arts, Science, Law, etc. with Engineering as its leading one. At present, NCEPU comprising 15 schools and offers 45 bachelor's degree programs, 29 master's degree programs, 7 doctorate degree programs and 2 postdoctoral programs. In addition, the university has been evaluated by academic authorities of the State Council and granted a status to hold a key national level discipline. The university has already held 6 provincial and ministerial level disciplines and 4 laboratories with such weight.

The library of the university covers an area of 39,300 m<sup>2</sup> with a collection of more than one million books.

With over 25,000 students from all over the world, NCEPU has a large resource of teaching staff to match them. There are 1163 professional teachers, including 4 Academicians of China Engineering Academy, 565 Professors and Associate Professors as well as 54 PhD supervisors. At the same time, foreign teachers are annually invited as a helpful supplement to our staff. Many teachers have made outstanding achievements in both teaching and research in their disciplinary areas, and thus many prizes have been awarded for their exceptional performance by some provincial governments and ministerial authorities.

Zealously promoting diverse international exchanges and cooperative projects, the university has established cooperative relationships with universities, scientific institutions, companies, and enterprises from over twenty countries and regions including the United States, United Kingdom, France, Russia, Germany, Korea, Japan, Canada, Australia, Hong Kong and Taiwan. A variety of academic exchanges have been carried out in the fields of the scientific research projects, new product development, cooperative education and so on.

With a solid academic foundation laid in the past few decades, the University is wholeheartedly committed to the mission of building a multidisciplinary, internationalized and research-oriented university.

### **Transportation**

The Beijing campus of North China Electric Power University is located in Deshengmenwai

zhuxinzhuang, Beijing. It is next to the Badaling Highway, close to Zhongguancun High Technology Zone and Shangdi Information Industry Base. It neighbors the National Olympic Park ----- the center of 2008 Beijing Olympic Game. It is quiet and beautiful with unique architectures and fresh air. A number of bus lines (No.345, No.845, No.820) run close to the University, and can take passengers either to the subway or to the city center.

The Baoding campus of North China Electric Power University is located in the downtown of Baoding, Hebei Province, which is in the central area of district surrounded by Beijing, Tianjin and Shijiazhuang. It is 150 km south of Beijing. Baoding is an old cultural city with a long history and is well known for its warm and friendly local fashion and a variety of rich cultural resources. It takes about one and half an hour from Beijing, Tianjin or Shijiazhuang to Baoding by taking the very convenient intercity express train. The campus is beautiful, tidy and clean.

The university owns advanced network centers, computing centers, multimedia classrooms, large scale simulating fieldwork bases and large modern libraries. Besides, the university owns modern playgrounds including standard basketball, volleyball, badminton and tennis courts, etc. The apartments of international students are supervised in a standardized way and are equipped with bathrooms (for 24 hours bathing), air-conditioners, refrigerators, color TVs, Internet connections, telephones, desks, closets and other furniture. There are shared kitchen and laundry rooms in the apartment building. Banks, post office, shopping center and supermarket are close to the campus. All these provide the international students with a comfortable study and living environment.

## 1. Accommodation and Food Expenses Baoding Campus

Room Type	Facilities	Accommodation (RMB)	Food Expenses (RMB)
25m <sup>2</sup> standard room, twin beds	Equivalent to three-star hotel standard. Furnished with a bathroom, 24-hour hot water, centralized air-conditioning system, refrigerator, color TV, internet interface, telephone, desk, closet, restaurant for foreign students, public kitchen and laundry for foreign students	Single occupancy: 70/day Double occupancy: 45/day/person	Average, 15-25 per person per day

### Beijing Campus

Room Type	Facilities	Accommodation (RMB)	Food Expenses (RMB)
25m <sup>2</sup> standard room, twin beds	Bathroom, hot water, air-conditioner, color TV, internet interface, telephone, desk, closet, public kitchen and public laundry for foreign students	Single occupancy: 100/day Double occupancy: 50~90/day/person	Average, 15-25 Per person per day

## 2. Tuition and Application Fee Baoding Campus

Type of Student	Period of Study	Tuition (RMB)	Application Fee (RMB)	Registration Fee (RMB)
Chinese language student	2 weeks	1300	300	Included
	4 weeks	2100	300	Included

	8 weeks	3800	300	200
	12 weeks	5400	300	200
	1 semester	7500	300	200
	1 year	13500	300	200
	Personal tutor	60/teaching hour	300	200
Bachelor's degree student	4 years	18500/ year	300	500/ year
Master's degree student	2.5--3.5 years	27000/ year	300	500/ year
Ph.D. student	3--4 years	31000/ year	300	500/ year
Certificate programs	1--2 years	18500/ year	300	500/ year
Advanced certificate programs	Less than 1 year	31000/ year	300	500/ year

### Beijing Campus

Type of Student	Period of Study	Tuition (RMB)	Application Fee (RMB)	Registration Fee* (RMB)
Chinese language student	2 weeks	1700	Included	Included
	4 weeks	2500	Included	Included
	8 weeks	4200	Included	Included
	12 weeks	5800	Included	Included
	1 semester	8300	Included	Included
	1 year	17000	Included	Included
	Personal tutor	80/teaching hour	Included	Included
Bachelor's degree student	4 years	22000/year	500	500/ year
Master's degree student	2.5--3.5 years	30000/ year	500	500/ year
Ph.D. student	3--4 years	35000/ year	500	500/ year
Certificate programs	1--2 years	22000/ year	500	500/ year
Advanced certificate programs	Less than 1 year	35000/ year	500	500/ year

\* Registration Fee (Beijing campus): The student will only pay for the application fee after his/her arrival at the university, because the registration fee is included in the application fee.

## Main Academic Programs for Foreign Students:

### Beijing Campus:

Schools or Departments	Specialties
School of Business Administration	Economics, International Economics and trade, Finance, Engineering Management, Business Administration, Marketing, Financial Management, Human Resources Management, Accountancy, Labor and Social Security, Electronic Business, Information Management and Information Systems
Department of Electrical Engineering	Electrical Engineering and Its Automation
Department of Energy & Power Engineering	Material Science and Engineering, Thermal Energy and Power Engineering, Water Resources and Hydropower Engineering
Department of Automation	Automation, Monitoring Technology and Apparatus
Department of Information Engineering	Electronic Information Engineering, Communication Engineering, Electronic Science and Technology
Department of Computer Science	Computer Science and Technology, Software Engineering
Department of FZ	Law, Public Affairs Administration, Advertising, Administration
Department of Foreign Language	English Language and Literature
Department of Mathematics & Physics	Information and Computing Science

### Baoding Campus:

Schools or Departments	Specialties
Department of Electrical Engineering	Electrical Engineering and Its Automation, Electronic and Information Engineering, Agricultural Electrification and Automation
Department of Energy & Power Engineering	Architectural environment and Equipment Engineering, Automation, Thermal Energy and Power Engineering, Monitoring Technology and Apparatus
Department of Economics and Management	Economics, Business Administration, Accountancy, Information Management and Information Systems, Public Affairs Administration, <u>Electronic Business</u> ,
Department of FZ	Law, Social Work
Department of Foreign Language	English Language and Literature
Department of Information Engineering	Information and Computing Science
Department of Physics	Applied Physics
Department of Environment	Applied Chemistry, Environmental Science,

Engineering	Environmental Engineering
<i>Department of Electronics</i>	Electronic Information Science and Technology, Communication Engineering, <u>Biomedical Engineering</u>
Department of Mechanical Engineering	Industrial Design, Mechanical Engineering and Automation, Industrial Engineering
Department of Computer Science	Computer Science and Technology, Software Engineering, Network Engineering, Information Security

**Master Degree /Doctor Degree (with a #mark means for both Master and Doctor degree)**

1. English Language and Literature
2. Mechano-Electronic Engineering
3. Mechanical design and Theory
4. Engineering Thermophysics
5. Thermal Power Engineering #
6. Electric Machine and Electrical Equipment #
7. Electric Power System and Automation #
8. High-Voltage and Insulation Technology #
9. Electrical Engineering Theory and New Technology #
10. Communications and Information System
11. Control Theories and Control Engineering
12. Model Identification and Intelligent System
13. Computer Application Technology
14. Management Science and Engineering
15. Technical Economics and Management #
16. Power Machinery and Engineering
17. Mechanical Manufacture and Automation
18. Signal and Information Processing
19. Computer Software and Theory
20. Systems Engineering
21. Quantitative Economics
22. Accountancy
23. Enterprise management
24. Applied Mathematics
25. Fluid Machinery and Engineering
26. Electromagnetic Fields and Microwave Technology
27. Power Electronics and Electric Drive
28. Environmental Engineering
29. Environmental Science

**Mobil Station of Post-doctoral Scientific Research:**

1. Electrical Engineering
2. Technical Economics

**Chinese Language Programs:**

The University offers Chinese language programs on a Small Class basis, less than 15 students in each long-term class.

## Compulsory Courses

Oral Communication, listening Comprehension, Reading Comprehension, Comprehensive Ability in Chinese, Writing, Chinese Culture, Newspapers and Periodicals Reading

## Options of Chinese Culture

Chinese Language Proficiency Test (HSK test) Training, Chinese Calligraphy, Chinese Songs Singing, Chinese Folk Dancing, Chinese Folk Music Instruments, Chinese Martial Art, Chinese Shadowboxing, Chinese Film, Chinese Paper-Cut Art

### ★*Teaching Features:*

Special Course of Chinese Language Proficiency Test (HSK test) Training;

A Chinese partner student for each foreign student to practice the Chinese language;

Self-study class with tutors answering questions;

Teaching Quality Supervision Group made up of linguistic experts;

Lively teaching methods with abundant teaching contents ;

Options of Chinese nationality characteristics taught by specialists;

### ★ *Teaching achievements:*

Every year, all the overseas students pass the HSK test (3 grade or above)

## Admission Qualifications

Types	Admission Qualifications
Bachelor's degree	With a high school diploma or equivalent; pass our entrance examination
Master's degree	With a Bachelor's degree and two recommendations by Professors or Associate Professors; pass our entrance examination. New graduates from our university with excellent grades and recommendations need not take the entrance examination
Ph.D.	With a Master's degree and two recommendations by Professors or Associate Professors; pass our entrance examination
Certificate Programs	With at least an equivalent of two years of college
Advanced Certificate Programs	With at least a Master's degree or studying for Ph.D.degree
Chinese Language students	With a high school diploma or equivalent

### Chinese Language requirements:

- 1、 Undergraduate students: HSK test – Elementary C or above;
- 2、 Those who had learned his/her compulsory courses of high school in Chinese language need not take the HSK Test, but you should submit the copy of the certification letter that are offered by the Chinese embassy or consulate.

★The university can provide preparatory (language) course for overseas students to help them pass the HSK test.

## How to Apply

1. Applicants can ask for the Application Form from the school of International Education of the University or download the form from the website of the University.

2. Applicants should submit the Application form together with the following documents to the school of International Education of the university by registered mail or e-mail 2 months in advance.

1) Resume, Diploma and Transcript

- a. Highest diploma, courses the applicant has taken and transcripts for Certificate Program applicant
- b. Highest diploma, research achievements and expected research aspects for Advanced Certificate Program applicant
- c. Highest diploma, academic degree obtained and original copy of transcripts for Bachelor's, Master's and Ph.D. degree applicant

2) Recommendations

- a. High school graduates who apply for a Bachelor's degree program should submit recommendations by their former school or working unit.
- b. Certificate program applicants should submit recommendations by associate professors or higher
- c. Master's and Ph.D. degree and advanced certificate program applicants should submit recommendations by two professors or associate professors

3) Physical Examination Record for Foreigners

The Physical Examination Record for Foreigners, with photo of the applicant affixed and stamp of the hospital, must be completed and signed by a medical doctor after a physical examination of the applicant. A copy of the Physical Examination Record for Foreigners should be submitted to the school at the time of application, and the original can be brought with the student to the university.

4) Financial Guarantee Form

The guarantor should complete the Financial Guarantee Form with his information including relationship to the applicant, position, telephone and address.

5) Guarantee Form in China

The applicant's guarantor in China should complete the Guarantee Form in China attached with his information including relationship to the applicant, position, telephone and address.

3. Once approved, the applicants will receive an Admission Notice, and the Visa Application for Foreigners Wishing to Study in China (JW202 Form). The applicants may obtain a student Visa (X-Visa) from the Chinese embassy or consulate.

## Time for application and enrollment

**Applying:** all the year, 2 months ahead of the expected date of enrollment

**Enrollment:**

- ★ Around September 1 for all kinds of students;
- ★ For long-term Chinese language programs, the enrollment date is around March 1 for spring classes and around September 1 for fall classes;

★ For Short-term Chinese language programs: Anytime
